SUBJECT INDEX, VOLUME 143

(CR = case report; E = editorial)

Abdomen
Aortoiliac reconstruction combined with nonvascular operations, 784
Computerized tomography in the evaluation of blunt abdominal trauma, 751
Drainage of intraabdominal abscesses. Tactics and choices, 112
Emergency minilaparoscopy in abdominal trauma. An update, 261
General surgical complications after cardiopulmonary bypass surgery, 133
Hemodynamic monitoring of patients undergoing abdominal aortic surgery, 174
Incidence of abdominal aortic aneurysms in patients with atheromatous arterial disease, 575
Preoperative antibiotics for abdominal gunshot wounds. A prospective, randomized study, 762
Renal microembolization syndrome. A cause for renal dysfunction after abdominal aortic reconstruction, 779
Total exclusion technique for the management of abdominal aortic aneurysms, 93
Abscess
Amebic liver abscess. Differential diagnosis of cholecystitis, 827
Amebic liver abscess. The surgeon's role in management, 67
Colonic complications of acute

pancreatitis and pancreatic abscess, 558
Drainage of intraabdominal abscesses. Tactics and choices, 112
Oriental infestational cholangitis, 366
Unsuspected hepatic abscess associated with biliary tract disease, 658

Acid secretion
Gastric acid secretion and gastrointestinal hormone release after biliary reconstruction procedures, 245
Proximal gastric vagotomy interferes with a fundic inhibitory mechanism. A hypothesis for the high recurrence rate of peptic ulceration, 51

Adolescents
Cystosarcoma phylloides in adolescent female patients, 712

Alkalosis
Treatment of metabolic alkalosis with intravenous infusion of concentrated hydrochloric acid, 328

Amputation
Contralateral limb and patient survival after leg amputation, 280
Surgical management of an epidemic of penile amputations in Siam, 376
The continuing challenge of popliteal vascular injuries, 758

Anatomy
Anatomy: a prometheus bound (E), 291

Anesthesia
Hemodilution anesthesia: a valuable aid to major cancer surgery in children, 79

Aneurysms
Anastomotic aneurysms, 770
Hemodynamic monitoring of patients undergoing abdominal aortic surgery, 174
Incidence of abdominal aortic aneurysms in patients with atheromatous arterial disease, 575
Prolene sutures are not a significant factor in anastomotic false aneurysms, 216
Recurrence of femoral anastomotic aneurysms, 774
Total exclusion technique for the management of abdominal aortic aneurysms, 93

Angiofibroma
Juvenile nasopharyngeal angiofibroma. A 30 year clinical review, 521

Angiography
A comparison of digital subtraction angiography and noninvasive testing in the diagnosis of cerebrovascular disease, 203

Angioplasty
Vascular trauma secondary to diagnostic and therapeutic procedures: 1974 through 1982, 788

Antibiotics
Preoperative antibiotics for abdominal gunshot wounds. A prospective, randomized study, 762

Antigens
Duffy antigens and cancer in a black population, 639

Anus
Surgical treatment of anorectal melanomas, 336

Aorta
Aortic graft-enteric and paraprosthetic-enteric fistulas, 183
Aortoiliac reconstruction combined with nonvascular operations, 784
Clinical use of the seromuscular jejunal patch for protection of the infected aortic stump, 198
Fate of aortic graft removal, 194
Femoral artery infection complicating intraaortic balloon pumping, 811
Hemodynamic monitoring of patients undergoing abdominal aortic surgery, 174
Incidence of abdominal aortic aneurysms in patients with atheromatous arterial disease, 575
Infrarenal aortic occlusion: a reassessment of surgical indications, 178
Quantitative effects of antiplatelet therapy on healing of the endarterectomized canine aorta, 164
Renal microembolization syndrome. A cause for renal dysfunction after abdominal aortic reconstruction, 779
Total exclusion technique for the management of abdominal aortic aneurysms, 93

Appendix
Carcinoid tumors of the appendix, 700
Changes in hospital costs for an appendectomy: 1955, 1965, and 1975, 342
Metronidazole and ticarcillin in the prevention of sepsis after appendicectomy, 346
Use of the barium swallow in the diagnosis of acute appendicitis, 663

Arteries
A comparison of digital subtraction angiography and noninvasive testing in the diagnosis of cerebrovascular disease, 203
Bovine carotid artery heterografts versus polytetrafluoroethylene grafts. A prospective, randomized study, 844
Carotid plaque histology using real-time ultrasonography. Clinical and therapeutic implications, 188
Cause and noninvasive detection of restenosis after carotid endarterectomy, 29
Contribution of the arterial blood ketone body ratio to elevate plasma amino acids in hepatic encephalopathy of surgical patients, 299
Deep, percutaneous antecubital venipuncture: an alternative to surgical cutdown, 285
Extracranial carotid artery injury. Current surgical management, 225
Femoral artery infection complicating intraaortic balloon pumping, 811
General surgical complications after cardiopulmonary bypass surgery, 133
Hemodynamics of sequential grafts, 170
Incidence of abdominal aortic aneurysms in patients with atheromatous arterial disease, 575
Mortality and renal salvage after renovascular trauma. A review of 94 patients treated in a 20 year period, 848
Natural history of asymptomatic ulcerative plaques of the carotid bifurcation, 208
Noninvasive diagnosis of internal carotid artery occlusion, 577
Quantitative effects of antiplatelet therapy on healing of the endarterectomized canine aorta, 164
Recurrence of femoral anastomotic aneurysms, 774
Renal microembolization syndrome. A cause for renal dysfunction after abdominal aortic reconstruction, 779
The continuing challenge of popliteal vascular injuries, 758
Value of postoperative heparin therapy in peripheral arterial thromboembolism, 213
Vascular trauma secondary to diagnostic and therapeutic procedures: 1974 through 1982, 788

Arteriosclerosis
Infrarenal aortic occlusion: a reassessment of surgical indications, 178
Natural history of asymptomatic ulcerative plaques of the carotid bifurcation, 208

Ascites
Cause of primary vaginal hydrocele and ascites in advanced liver cirrhosis, 647
Nutrition and immunity after peritoneovenous drainage of intractable ascites in cirrhotic patients, 652

Asia
Current status of benign biliary disorders in Japan and accuracy rates of preoperative diagnoses. Collective review of 14,654 patients, 269
Intrahepatic stones: the Taiwan experience, 241
Oriental infestational cholangitis, 366
Surgical management of an epidemic of penile amputations in Siam, 376

Asphalt
Management of tar and asphalt injuries, 766

Atypia
Natural history and management of keratosis, atypia, carcinoma in situ, and microinvasive cancer of the larynx, 512

Autoimmune response
Thymectomy for myasthenia gravis, 61

Bacteremia
Choledochotomy for biliary lithiasis: T-tube drainage or primary closure. Effects on postoperative bacteremia and T-tube bile infection, 254

Bacteria
Fate of aortic graft removal, 194
Femoral artery infection complicating intraaortic balloon pumping, 811
Site of splenic autotransplantation affects protection from sepsis, 734

Barium
Use of the barium swallow in the diagnosis of acute appendicitis, 663

Bile
The stomach after cholecystectomy, 325

Biliary tract
Abnormal drainage of the biliary tree after relief of long-standing extrahepatic biliary obstruction, 318
Amebic liver abscess. Differential diagnosis of cholecystitis, 827
Cholecystectomy in elderly patients, 719
Choledochotomy for biliary lithiasis: T-tube drainage or primary closure. Effects on postoperative bacteremia and T-tube bile infection, 254
Current status of benign biliary disorders in Japan and accuracy rates of preoperative diagnoses. Collective review of 14,654 patients, 269
Extent of choledochoscopic utilization in common bile duct exploration, 322
Gastric acid secretion and gastrointestinal hormone release after biliary reconstruction procedures, 245

Idiopathic localized bile duct strictures: relationship to primary sclerosing cholangitis, 404
Intrahepatic stones: the Taiwan experience, 241
Oriental infestational cholangitis, 366
Surgical management of gallstones in cirrhotic patients, 310
Transnasal pancreaticobiliary drains. Indications and insertion technique, 250
Unsuspected hepatic abscess associated with biliary tract disease, 658
Black persons
Duffy antigens and cancer in a black population, 639
Bleeding
Gastrointestinal bleeding after operation for pancreatic cancer, 57
Surgical management of portal hypertension and esophageal varices. 10 year experience, 274
Treatment of esophageal varices by sclerotherapy in children, 103
Blood
Contribution of the arterial blood ketone body ratio to elevate plasma amino acids in hepatic encephalopathy of surgical patients, 299
Duffy antigens and cancer in a black population, 639
Hemodilution anesthesia: a valuable aid to major cancer surgery in children, 79
Blood flow
Another use of the shunt in vascular surgery, 385
Hemodynamic effects of combined digoxin and dopamine administration in postoperative patients with cardiac dysfunction, 807
Hemodynamics of sequential grafts, 170
Polytetrafluoroethylene grafts in the peripheral venous circulation of rabbits, 355
Suppression of the shunt and esophageal transection. A new technique for the treatment of disabling postshunt encephalopathy, 392
Technical aspects of segmental pancreatic autotransplantation in dogs, 565
Transcutaneous oxygen monitoring of emergency department patients, 35
Use of physiologic monitoring to predict outcome and to assist in clinical decisions in critically ill postoperative patients, 43
Value of postoperative heparin therapy in peripheral arterial thromboembolism, 213
B-mode imaging
Noninvasive diagnosis of internal carotid artery occlusion, 577
Bone
Changes in head and neck surgery (E), 425
Early intramedullary nailing of femoral shaft fractures: a cause of fat embolism syndrome, 107
Mandibular reconstruction in irradiated patients utilizing myosseous-cutaneous flaps, 474
Patterns and mechanisms of bone invasion by squamous carcinomas of the head and neck, 451
Reconstruction of osseous defects with freeze-dried allogeneic and autogenous bone, 471
Books
Book reviews, 160, 288, 688
Books received, 290, 418, 854
Breast
Cystosarcoma phylloides in adolescent female patients, 712
Subcutaneous mastectomy in the treatment of breast disease (E), 683
Burns
Management of tar and asphalt injuries, 766
Bypass
Complications and weight loss in 150 consecutive gastric exclusion patients. A critical review, 602
Critical analysis of jejunoileal bypass, 626
Femoral venous trauma: techniques for surgical management and early results, 220
General surgical complications after cardiopulmonary bypass surgery, 133
Hemodynamics of sequential grafts, 170
Perioperative complications of gastric restrictive operations, 613
Recurrence of femoral anastomotic aneurysms, 774
Calculi
Amebic liver abscess. Differential diagnosis of cholecystitis, 827
Current status of benign biliary disorders in Japan and accuracy rates of preoperative diagnoses. Collective review of 14,654 patients, 269
Extent of choledochoscopic utilization in common bile duct exploration, 322
Gallstone ileus: a diagnostic problem, 314
Intrahepatic stones: the Taiwan experience, 241
Surgical management of gallstones in cirrhotic patients, 310
Cancer
Cancer of the tonsil: results of radical radiation therapy with surgery in reserve, 432
Carcinoid tumors of the appendix, 700
Cervical node metastasis of occult origin, 441
Changing the operative strategy for thyroid cancer by node sampling, 504
Duffy antigens and cancer in a black population, 639
Functional evaluation of the spinal accessory nerve after neck dissection, 526
Gastrointestinal bleeding after operation for pancreatic cancer, 57
Head and neck cancer: the ideal stalking-horse for solid tumors (E), 422
Hemodilution anesthesia: a valuable aid to major cancer surgery in children, 79
Intramural spread of colon carcinoma. A pathologic study, 697
Major complications of radiotherapy in cancer of the oral cavity and oropharynx. A 10 year retrospective study, 531
Natural history and management of keratosis, atypia, carcinoma in situ, and microinvasive cancer of the larynx, 512
Prophylactic oophorectomy in colorectal carcinoma, 233
Reconstruction after total or subtotal glossectomy, 488
Results of surgery alone and surgery combined with postoperative radiotherapy in the treatment of cancer of the parotid gland, 497
Squamous cell carcinoma of the tongue and lower oral cavity in patients under 40 years of age, 88
Subcutaneous mastectomy in the treatment of breast disease (E), 683
Surgical therapy of advanced esophageal cancer. A critical appraisal, 704
Surgical treatment of anorectal melanomas, 336
Surgical treatment of malignant esophagotracheal fistulas, 641
The facial nerve in parotid malignancy, 493
The pectoralis major myocutaneous flap in head and neck reconstruction. Analysis of complications, 478
Thyroid nodules indeterminate by needle biopsy, 72
Value of contralateral supraomohyoid neck dissections, 439
What to do about ovarian metastases from colonic adenocarcinomas (E), 286
Cannulation
Deep, percutaneous antecubital venipuncture: an alternative to surgical cutdown, 285
Carcinoma
Cisplatin sensitization to radiotherapy of squamous cell carcinomas of the head and neck, 462
Complications after laryngectomy, 517
Effect of retinoids on oral leukoplakia, 466
Fifteen years surgical experience with carcinoma of the lung, 708
Intramural spread of colon carcinoma. A pathologic study, 697
Management of locoregional recurrent oropharyngeal carcinoma, 436
Nasopharyngeal carcinoma: results of treatment over a 27 year period, 1950 through 1977, 429
Patterns and mechanisms of bone invasion by squamous carcinomas of the head and neck, 451
Prophylactic oophorectomy in colorectal carcinoma, 233
Squamous carcinoma of the external ear, 447
Squamous cell carcinoma of the tongue: a comparison of the anterior two thirds of the tongue with its base, 456
Squamous cell carcinoma of the tongue and lower oral cavity in patients under 40 years of age, 88
Surgical therapy of advanced esophageal cancer. A critical appraisal, 704
Surgical treatment of thyroid carcinoma in a defined population: 1960 to 1977. Evaluation of the results after a conservative surgical approach, 349
Total glossectomy, 509
Catecholamines
Hemodynamic effects of combined digoxin and dopamine administration in postoperative patients with cardiac dysfunction, 807
Catheterization
Continuous ambulatory peritoneal dialysis. Technique of catheter insertion and management of associated surgical complications, 98
Experience with home parenteral nutrition, 7
Management of vascular soft tissue neoplasms using transcatheter embolization and surgical excision, 409
The Kock continent ileal reservoir for

supravesical urinary diversion. An early experience, 15
Vascular trauma secondary to diagnostic and therapeutic procedures: 1974 through 1982, 788
Cells
Duffy antigens and cancer in a black population, 639
Fifteen years surgical experience with carcinoma of the lung, 708
Infections in parenteral drug abusers. Further immunologic studies, 738
Nutrition and immunity after peritoneovenous drainage of intractable ascites in cirrhotic patients, 652
Chemoprevention
Effect of retinoids on oral leukoplakia, 466
Children
Hemodilution anesthesia: a valuable aid to major cancer surgery in children, 79
Improved survival in infants and children with primary malignant liver tumors, 236
Intrahepatic stones: the Taiwan experience, 241
Juvenile nasopharyngeal angiofibroma. A 30 year clinical review, 521
The role of initial cineesophagography in caustic esophageal injury, 804
Thoracic air gun injuries in children, 39
Treatment of esophageal varices by sclerotherapy in children, 103
Treatment of hypoglycemia in infants and children. Surgical considerations, 21
Cholangitis
Idiopathic localized bile duct strictures: relationship to primary sclerosing cholangitis, 404
Oriental infestational cholangitis, 366
Cholecystectomy
Aortoiliac reconstruction combined with nonvascular operations, 784
Cholecystectomy after tube cholecystostomy, 723
Cholecystectomy in elderly patients, 719
The stomach after cholecystectomy, 325
Choledochojejunostomy
Gastric acid secretion and gastrointestinal hormone release after biliary reconstruction procedures, 245
Choledochoscopy
Extent of choledochoscopic utilization in common bile duct exploration, 322
Choledochotomy
Choledochotomy for biliary lithiasis: T-tube drainage or primary closure. Effects on postoperative bacteremia and T-tube bile infection, 254
Cimetidine
Cimetidine in the treatment of Zollinger-Ellison syndrome, 116
Inhibitory effect of cimetidine on liver regeneration after two-thirds hepatectomy in rats, 293
Cirrhosis
Cause of primary vaginal hydrocele and ascites in advanced liver cirrhosis, 647
Crucial issues concerning associated operations in the patient with cirrhosis (E), 415
Malnutrition in cirrhotic patients (E), 684
Morbidity and mortality after operation in nonbleeding cirrhotic patients, 306
Nutrition and immunity after peritoneovenous drainage of intractable ascites in cirrhotic patients, 652
Surgical management of gallstones in cirrhotic patients, 310
Cisplatin
Cisplatin sensitization to radiotherapy of squamous cell carcinomas of the head and neck, 462
Colon
Colonic complications of acute pancreatitis and pancreatic abscess, 558
Hypotension-induced post-traumatic necrosis of the right colon, 715
Intramural spread of colon carcinoma. A pathologic study, 697
Modified Hartmann procedure in emergency sigmoid colectomy, 387
Prophylactic oophorectomy in colorectal carcinoma, 233
Technique to facilitate low colorectal anastomosis, 390
What to do about ovarian metastases from colonic adenocarcinomas (E), 286
Coma
Contribution of the arterial blood ketone body ratio to elevate plasma amino acids in hepatic encephalopathy of surgical patients, 299
Continuing Medical Education
CME test, 158, 287, 417, 537, 687, 852
Cysts
Cystosarcoma phylloides in adolescent female patients, 712
Method for biopsy of the wall of a thyroid cyst, 383
Diabetes
Bovine carotid artery heterografts versus polytetrafluoroethylene grafts. A prospective, randomized study, 844
Predictive value of thallium stress testing for coronary and cardiovascular events in uremic diabetic patients before renal transplantation, 331
Segmental pancreas transplantation in the canine model. A reappraisal, 838
Dialysis
Continuous ambulatory peritoneal dialysis. Technique of catheter insertion and management of associated surgical complications, 98
Surgical treatment of pericarditis in the dialysis patient, 800
Digoxin
Hemodynamic effects of combined digoxin and dopamine administration in postoperative patients with cardiac dysfunction, 807
Diuresis
Diuresis with continuous infusion furosemide following cardiac surgery, 796
Dopamine
Hemodynamic effects of combined digoxin and dopamine administration in postoperative patients with cardiac dysfunction, 807
Doppler analysis
Noninvasive diagnosis of internal carotid artery occlusion, 577
Drainage
Abnormal drainage of the biliary tree after relief of long-standing extrahepatic biliary obstruction, 318
Cholecystectomy after tube cholecystostomy, 723
Choledochotomy for biliary lithiasis: T-tube drainage or primary closure. Effects on postoperative bacteremia and T-tube bile infection, 254
Drainage of intraabdominal abscesses. Tactics and choices, 112
Nutrition and immunity after peritoneovenous drainage of intractable ascites in cirrhotic patients, 652
Transnasal pancreaticobiliary drains. Indications and insertion technique, 250
Drug abuse
Infections in parenteral drug abusers. Further immunologic studies, 738
Duodenum
Proximal gastric vagotomy interferes with a fundic inhibitory mechanism. A hypothesis for the high recurrence rate of peptic ulceration, 51
The stomach after cholecystectomy, 325
Ear
Squamous carcinoma of the external ear, 447

Elastase
Serum proteolytic and antiproteolytic activity in acute pancreatitis, 834
Elderly patients
Cholecystectomy in elderly patients, 719
Groin hernias in elderly patients. Management and prognosis, 257
Technique for inguinal hernia repair in the elderly patient, 373
Embolism
Early intramedullary nailing of femoral shaft fractures: a cause of fat embolism syndrome, 107
Renal microembolization syndrome. A cause for renal dysfunction after abdominal aortic reconstruction, 779
Therapeutic and clinical course of deep vein thrombosis, 581
Value of postoperative heparin therapy in peripheral arterial thromboembolism, 213
Embolization
Management of vascular soft tissue neoplasms using transcatheter embolization and surgical excision, 409

Encephalopathy
Contribution of the arterial blood ketone body ratio to elevate plasma amino acids in hepatic encephalopathy of surgical patients, 299
Shunt obliteration for chronic encephalopathy? ... Definitely! Esophageal transection? ... A note of caution (E), 415
Suppression of the shunt and esophageal transection. A new technique for the treatment of disabling postshunt encephalopathy, 392
Endarterectomy
Cause and noninvasive detection of restenosis after carotid endarterectomy, 29
Quantitative effects of antiplatelet therapy on healing of the endarterectomized canine aorta, 164
Erythroplakia
Natural history and management of keratosis, atypia, carcinoma in situ, and microinvasive cancer of the larynx, 512
Esophagus
Long-term results of fundoplication (E), 685
Management of the newborn with gastrointestinal anomalies and tracheoesophageal fistula, 792
Nissen fundoplication. Results at 10 year follow-up, 635
Shunt obliteration for chronic encephalopathy? ... Definitely! Esophageal transection? ... A note of caution (E), 415
Suppression of the shunt and esophageal transection. A new technique for the treatment of disabling postshunt encephalopathy, 392
Surgical management of portal hypertension and esophageal varices. 10 year experience, 274
Surgical therapy of advanced esophageal cancer. A critical appraisal, 704
Surgical treatment of malignant esophagotracheal fistulas, 641
The role of initial cineesophagography in caustic esophageal injury, 804
Treatment of esophageal varices by sclerotherapy in children, 103
Ethics
Professional puffery (E), 692
Femoral shaft
Early intramedullary nailing of femoral shaft fractures: a cause of fat embolism syndrome, 107
Fistulas
Aortic graft-enteric and paraprosthetic-enteric fistulas, 183
Complications after laryngectomy, 517
Management of the newborn with gastrointestinal anomalies and tracheoesophageal fistula, 792
Spontaneous resolution of intestinal obstruction while receiving home parenteral nutrition, 742
Surgical treatment of malignant esophagotracheal fistulas, 641
The temporary intestinal stoma? 668
Flaps
Femoral artery infection complicating intraaortic balloon pumping, 811
Mandibular reconstruction in irradiated patients utilizing myosseous-cutaneous flaps, 474
The pectoralis major myocutaneous flap in head and neck reconstruction. Analysis of complications, 478
Fundoplication
Long-term results of fundoplication (E), 685
Nissen fundoplication. Results at 10 year follow-up, 635
Furosemide
Diuresis with continuous infusion furosemide following cardiac surgery, 796
Gallbladder
Cholecystectomy after tube cholecystostomy, 723
Cholecystectomy in elderly patients, 719
Current status of benign biliary disorders in Japan and accuracy rates of preoperative diagnoses. Collective review of 14,654 patients, 269
Gallstone ileus: a diagnostic problem, 314
Surgical management of gallstones in cirrhotic patients, 310
Gastrectomy
Prospective, randomized trial of selective proximal vagotomy with ulcer excision and partial gastrectomy with gastroduodenostomy in the treatment of corporeal gastric ulcer, 631
Gastric partitioning
Maintenance of nutritional competence after gastric partitioning for morbid obesity, 619
Results and complications of gastric partitioning. Four-year follow-up of 300 morbidly obese patients, 815
Gastric pull-up
Gastric transposition in head and neck surgery. Indications, complications, expectations, 483
Gastrin
Proximal gastric vagotomy interferes with a fundic inhibitory mechanism. A hypothesis for the high recurrence rate of peptic ulceration, 51
Gastrointestinal tract
Aortic graft-enteric and paraprosthetic-enteric fistulas, 183
Cimetidine in the treatment of Zollinger-Ellison syndrome, 116
Experience with home parenteral nutrition, 7
Gastrointestinal bleeding after operation for pancreatic cancer, 57
Management of the newborn with gastrointestinal anomalies and tracheoesophageal fistula, 792
Spontaneous resolution of intestinal obstruction while receiving home parenteral nutrition, 742
The stomach after cholecystectomy, 325
Gastroplasty
Perioperative complications of gastric restrictive operations, 613
Gastrostomy
A technique for gastrostomy, 397
Creating a continent tubeless gastrostomy, 820
Glands
Changing the operative strategy for thyroid cancer by node sampling, 504
Method for biopsy of the wall of a thyroid cyst, 383
Nonrecurrent laryngeal nerves and their association with a recurrent branch, 501
Primary hyperparathyroidism in the seventies, 360
Results of surgery alone and surgery combined with postoperative radiotherapy in the treatment of cancer of the parotid gland, 497
Surgical treatment of thyroid carcinoma in a defined population: 1960 to 1977. Evaluation of the results after a conservative surgical approach, 349
The facial nerve in parotid malignancy, 493
Thymectomy for myasthenia gravis, 61
Thyroid nodules indeterminate by needle biopsy, 72
Total parathyroidectomy and autogenous parathyroid graft placement for treatment of hyperparathyroidism due to chronic renal failure, 727
Glossectomy
Reconstruction after total or subtotal glossectomy, 488
Total glossectomy, 509
Glucose
Treatment of hypoglycemia in infants and children. Surgical considerations, 21
Glycosides
Hemodynamic effects of combined digoxin and dopamine administration in postoperative patients with cardiac dysfunction, 807
Gonads
Intersex disorders in adolescents and adults, 138
Grafts
Aortic graft-enteric and paraprosthetic-enteric fistulas, 183
Bovine carotid artery heterografts versus polytetrafluoroethylene grafts. A prospective, randomized study, 844
Clinical use of the seromuscular jejunal patch for protection of the infected aortic stump, 198
Early ambulation after skin grafting of depressed wounds of the leg, 283
Fate of aortic graft removal, 194
Femoral artery infection complicating intraaortic balloon pumping, 811
Femoral venous trauma: techniques for surgical management and early results, 220
Hemodynamics of sequential grafts, 170
Polytetrafluoroethylene grafts in the peripheral venous circulation of rabbits, 355
Prolene sutures are not a significant factor in anastomotic false aneurysms, 216
Reconstruction of osseous defects with freeze-dried allogeneic and autogenous bone, 471
Recurrence of femoral anastomotic aneurysms, 774
Splenectomy in high-risk primary renal transplant recipients, 594
Technical aspects of segmental pancreatic autotransplantation in dogs, 565
Total parathyroidectomy and autogenous parathyroid graft placement for treatment of hyperparathyroidism due to chronic renal failure, 727
Groin
A new indication for using the preperitoneal approach for inguinal herniorrhaphy: recurrent inguinal hernia with solitary ipsilateral testis, 371
Groin hernias in elderly patients. Management and prognosis, 257
Surgical management of an epidemic of

penile amputations in Siam, 376
Technique for inguinal hernia repair in the elderly patient, 373
Guns
Preoperative antibiotics for abdominal gunshot wounds. A prospective, randomized study, 762
The continuing challenge of popliteal vascular injuries, 758
Thoracic air gun injuries in children, 39
Hartmann procedure
Modified Hartmann procedure in emergency sigmoid colectomy, 387
Head and neck
Changes in head and neck surgery (E), 425
Cisplatin sensitization to radiotherapy of squamous cell carcinomas of the head and neck, 462
Gastric transposition in head and neck surgery. Indications, complications, expectations, 483
Head and neck cancer: the ideal stalking-horse for solid tumors (E), 422
Mandibular reconstruction in irradiated patients utilizing myosseous-cutaneous flaps, 474
Patterns and mechanisms of bone invasion by squamous carcinomas of the head and neck, 451
The facial nerve in parotid malignancy, 493
The pectoralis major myocutaneous flap in head and neck reconstruction. Analysis of complications, 478
Heart
Diuresis with continuous infusion furosemide following cardiac surgery, 796
General surgical complications after cardiopulmonary bypass surgery, 133
Hemodynamic effects of combined digoxin and dopamine administration in postoperative patients with cardiac dysfunction, 807
Thoracic air gun injuries in children, 39
Hemorrhage
Aortic graft-enteric and paraprosthetic-enteric fistulas, 183
Carotid plaque histology using real-time ultrasonography. Clinical and therapeutic implications, 188
Spontaneous hepatic hemorrhage during pregnancy (CR), 680
Heparin
Value of postoperative heparin therapy in peripheral arterial thromboembolism, 213
Hermaphrodism
Intersex disorders in adolescents and adults, 138
Hernias
A new indication for using the preperitoneal approach for inguinal herniorrhaphy: recurrent inguinal hernia with solitary ipsilateral testis, 371
Groin hernias in elderly patients. Management and prognosis, 257
Technique for inguinal hernia repair in the elderly patient, 373
Hormones
Gastric acid secretion and gastrointestinal hormone release after biliary reconstruction procedures, 245
Total parathyroidectomy and autogenous parathyroid graft placement for treatment of hyperparathyroidism due to chronic renal failure, 727
Hospital costs
Changes in hospital costs for an appendectomy: 1955, 1965, and 1975, 342
Hydrocele
Cause of primary vaginal hydrocele and ascites in advanced liver cirrhosis, 647
Hydrochloric acid
Treatment of metabolic alkalosis with intravenous infusion of concentrated hydrochloric acid, 328
Hyperinsulinemia
Treatment of hypoglycemia in infants and children. Surgical considerations, 21
Hyperparathyroidism
Primary hyperparathyroidism in the seventies, 360
Hypertension
Crucial issues concerning associated operations in the patient with cirrhosis (E), 415
Primary hyperparathyroidism in the seventies, 360
Surgical management of portal hypertension and esophageal varices. 10 year experience, 274
Treatment of esophageal varices by sclerotherapy in children, 103
Hypoglycemia
Treatment of hypoglycemia in infants and children. Surgical considerations, 21
Hypotension
Hypotension-induced post-traumatic necrosis of the right colon, 715
Hypoxia
Early intramedullary nailing of femoral shaft fractures: a cause of fat embolism syndrome, 107
Transcutaneous oxygen monitoring of emergency department patients, 35
Iatrogenic perforation
Value of pneumoperitoneum in the diagnosis of visceral perforation, 830
Vascular trauma secondary to diagnostic and therapeutic procedures: 1974 through 1982, 788
Ibuprofen
Quantitative effects of antiplatelet therapy on healing of the endarterectomized canine aorta, 164
Ileoanal pull-through
The temporary intestinal stoma? 668
Ileum
Aortoiliac reconstruction combined with nonvascular operations, 784
Carcinoid tumors of the ileum, 124
The Kock continent ileal reservoir for supravesical urinary diversion. An early experience, 15
Ileus
Gallstone ileus: a diagnostic problem, 314
Prolonged ileus after severe pelvic fracture, 755
Immunodeficiency
Infections in parenteral drug abusers. Further immunologic studies, 738
Implants
Failure of splenic implants to protect against fatal postsplenectomy infection (CR), 413
Infants
Improved survival in infants and children with primary malignant liver tumors, 236
Management of the newborn with gastrointestinal anomalies and tracheoesophageal fistula, 792
Treatment of hypoglycemia in infants and children. Surgical considerations, 21
Infection
Choledochotomy for biliary lithiasis: T-tube drainage or primary closure. Effects on postoperative bacteremia and T-tube bile infection, 254
Continuous sulfa prophylaxis for urinary tract infections in renal transplant recipients, 589
Fate of aortic graft removal, 194
Infections in parenteral drug abusers. Further immunologic studies, 738
Intersex disorders
Intersex disorders in adolescents and adults, 138
Intestines
Carcinoid tumors of the ileum, 124
Critical analysis of jejunoileal bypass, 626
Gallstone ileus: a diagnostic problem, 314
Modified Hartmann procedure in emergency sigmoid colectomy, 387
Prolonged ileus after severe pelvic fracture, 755
Spontaneous resolution of intestinal obstruction while receiving home parenteral nutrition, 742
The temporary intestinal stoma? 668
Value of serum inorganic phosphate in the diagnosis of ischemic bowel disease, 266
Ischemia
Another use of the shunt in vascular surgery, 385
Contralateral limb and patient survival after leg amputation, 280
Evaluation of technetium-99m phosphate imaging for predicting skin ulcer healing, 746
Hypotension-induced post-traumatic necrosis of the right colon, 715
Value of serum inorganic phosphate in the diagnosis of ischemic bowel disease, 266
Keratosis
Natural history and management of keratosis, atypia, carcinoma in situ, and microinvasive cancer of the larynx, 512
Kidneys
Continuous sulfa prophylaxis for urinary tract infections in renal transplant recipients, 589
Mortality and renal salvage after renovascular trauma. A review of 94 patients treated in a 20 year period, 848
Predictive value of thallium stress testing for coronary and cardiovascular events in uremic diabetic patients before renal transplantation, 331
Pretransplant predictors in renal transplantation, 586
Renal microembolization syndrome. A cause for renal dysfunction after abdominal aortic reconstruction, 779
Splenectomy in high-risk primary renal transplant recipients, 594
Surgical treatment of pericarditis in the dialysis patient, 800
Total parathyroidectomy and autogenous parathyroid graft placement for treatment of hyperparathyroidism due to chronic renal failure, 727
Laparoscopy
Emergency minilaparoscopy in abdominal trauma. An update, 261

Larynx
Complications after laryngectomy, 517
Natural history and management of keratosis, atypia, carcinoma in situ, and microinvasive cancer of the larynx, 512
Legs
Anastomotic aneurysms, 770
Another use of the shunt in vascular surgery, 385
Aortoiliac reconstruction combined with nonvascular operations, 784
Compression sclerotherapy: preparation, technique, complications, and results, 228
Contralateral limb and patient survival after leg amputation, 280
Early ambulation after skin grafting of depressed wounds of the leg, 283
The continuing challenge of popliteal vascular injuries, 758
Leukoplakia
Effect of retinoids on oral leukoplakia, 466
Natural history and management of keratosis, atypia, carcinoma in situ, and microinvasive cancer of the larynx, 512
Lithiasis
Abnormal drainage of the biliary tree after relief of long-standing extrahepatic biliary obstruction, 318
Choledochotomy for biliary lithiasis: T-tube drainage or primary closure. Effects on postoperative bacteremia and T-tube bile infection, 254
Liver
Amebic liver abscess. Differential diagnosis of cholecystitis, 827
Amebic liver abscess. The surgeon's role in management, 67
Cause of primary vaginal hydrocele and ascites in advanced liver cirrhosis, 647
Contribution of the arterial blood ketone body ratio to elevate plasma amino acids in hepatic encephalopathy of surgical patients, 299
Crucial issues concerning associated operations in the patient with cirrhosis (E), 415
Improved survival in infants and children with primary malignant liver tumors, 236
Inhibitory effect of cimetidine on liver regeneration after two-thirds hepatectomy in rats, 293
Intrahepatic stones: the Taiwan experience, 241
Malnutrition in cirrhotic patients (E), 684
Morbidity and mortality after operation in nonbleeding cirrhotic patients, 306
Nutrition and immunity after peritoneovenous drainage of intractable ascites in cirrhotic patients, 652
Oriental infestational cholangitis, 366
Spontaneous hepatic hemorrhage during pregnancy (CR), 680
Surgical management of gallstones in cirrhotic patients, 310
Unsuspected hepatic abscess associated with biliary tract disease, 658
Lungs
Fifteen years surgical experience with carcinoma of the lung, 708
General surgical complications after cardiopulmonary bypass surgery, 133
Thoracic air gun injuries in children, 39
Lymph nodes
Carcinoid tumors of the appendix, 700
Cervical node metastasis of occult origin, 441
Changing the operative strategy for thyroid cancer by node sampling, 504
Fifteen years surgical experience with carcinoma of the lung, 708
Lymphocytes
Pretransplant predictors in renal transplantation, 586
Magnetic relaxation
Nuclear magnetic resonance imaging. Review of early clinical experience, 85
Mandible
Mandibular reconstruction in irradiated patients utilizing myosseous-cutaneous flaps, 474
Marrow
Reconstruction of osseous defects with freeze-dried allogeneic and autogenous bone, 471
Mastectomy
Subcutaneous mastectomy in the treatment of breast disease (E), 683
Melanoma
Surgical treatment of anorectal melanomas, 336
Metronidazole
Metronidazole and ticarcillin in the prevention of sepsis after appendicectomy, 346
Monitoring
Hemodynamic monitoring of patients undergoing abdominal aortic surgery, 174
Transcutaneous oxygen monitoring of emergency department patients, 35
Use of physiologic monitoring to predict outcome and to assist in clinical decisions in critically ill postoperative patients, 43
Vascular trauma secondary to diagnostic and therapeutic procedures: 1974 through 1982, 788
Morphine
Intermittent epidural morphine instillation for control of postoperative pain, 145
Myasthenia gravis
Thymectomy for myasthenia gravis, 61
Nailing
Early intramedullary nailing of femoral shaft fractures: a cause of fat embolism syndrome, 107
Nasopharynx
Juvenile nasopharyngeal angiofibroma. A 30 year clinical review, 521
Nasopharyngeal carcinoma: results of treatment over a 27 year period, 1950 through 1977, 429
Neck
Bovine carotid artery heterografts versus polytetrafluoroethylene grafts. A prospective, randomized study, 844
Cervical node metastasis of occult origin, 441
Changing the operative strategy for thyroid cancer by node sampling, 504
Extracranial carotid artery injury. Current surgical management, 225
Functional evaluation of the spinal accessory nerve after neck dissection, 526
Value of contralateral supraomohyoid neck dissections, 439
Necrosis
Hypotension-induced post-traumatic necrosis of the right colon, 715
Major complications of radiotherapy in cancer of the oral cavity and oropharynx. A 10 year retrospective study, 531
Needle aspiration
Thyroid nodules indeterminate by needle biopsy, 72
Nerves
Functional evaluation of the spinal accessory nerve after neck dissection, 526
Nonrecurrent laryngeal nerves and their association with a recurrent branch, 501
Preparation of the orthotopic autotransplanted pancreas for long-term exocrine studies, 339
Prospective, randomized trial of selective proximal vagotomy with ulcer excision and partial gastrectomy with gastroduodenostomy in the treatment of corporeal gastric ulcer, 631
The facial nerve in parotid malignancy, 493
Nutrition
Creating a continent tubeless gastrostomy, 820
Experience with home parenteral nutrition, 7
Maintenance of nutritional competence after gastric partitioning for morbid obesity, 619
Malnutrition in cirrhotic patients (E), 684
Nutrition and immunity after peritoneovenous drainage of intractable ascites in cirrhotic patients, 652
Spontaneous resolution of intestinal obstruction while receiving home parenteral nutrition, 742
Obesity
Complications and weight loss in 150 consecutive gastric exclusion patients. A critical review, 602
Critical analysis of jejunoileal bypass, 626
Maintenance of nutritional competence after gastric partitioning for morbid obesity, 619
Perioperative complications of gastric restrictive operations, 613
Results and complications of gastric partitioning. Four-year follow-up of 300 morbidly obese patients, 815
Obituaries
Chandler, Loren Roscoe, 152
Sanderson, Eric, 156
Scholl, Albert J. 155
Stone, Caleb, 155
West, Francis E. 152
Wylie, Edwin Jack, 154
Occlusion
Abnormal drainage of the biliary tree after relief of long-standing extrahepatic biliary obstruction, 318
A comparison of digital subtraction angiography and noninvasive testing in the diagnosis of cerebrovascular disease, 203
Chronic obstructive pancreatitis after healing of a necrotic pseudocyst, 551
Gallstone ileus: a diagnostic problem, 314
Hemodynamics of sequential grafts, 170
Infrarenal aortic occlusion: a reassessment of surgical indications, 178
Noninvasive diagnosis of internal carotid artery occlusion, 577
Spontaneous resolution of intestinal obstruction while receiving home parenteral nutrition, 742

Value of postoperative heparin therapy in peripheral arterial thromboembolism, 213
Omentum
A technique for gastrostomy, 397
Oophorectomy
Prophylactic oophorectomy in colorectal carcinoma, 233
Opiates
Intermittent epidural morphine instillation for control of postoperative pain, 145
Oral cavity
Effect of retinoids on oral leukoplakia, 466
Major complications of radiotherapy in cancer of the oral cavity and oropharynx. A 10 year retrospective study, 531
Reconstruction after total or subtotal glossectomy, 488
Squamous cell carcinoma of the tongue: a comparison of the anterior two thirds of the tongue with its base, 456
Squamous cell carcinoma of the tongue and lower oral cavity in patients under 40 years of age, 88
Total glossectomy, 509
Oropharynx
Major complications of radiotherapy in cancer of the oral cavity and oropharynx. A 10 year retrospective study, 531
Management of locoregional recurrent oropharyngeal carcinoma, 436
Ovaries
Prophylactic oophorectomy in colorectal carcinoma, 233
What to do about ovarian metastases from colonic adenocarcinomas (E), 286
Oxygen tension
Continuous direct tissue oxygen tension measurement by a new method using an implantable silastic tonometer and oxygen polarography, 399
Oxygen transport
Use of physiologic monitoring to predict outcome and to assist in clinical decisions in critically ill postoperative patients, 43
Pain
Intermittent epidural morphine instillation for control of postoperative pain, 145
Pancreas
Chronic obstructive pancreatitis after healing of a necrotic pseudocyst, 551
Colonic complications of acute pancreatitis and pancreatic abscess, 558
Gastrointestinal bleeding after operation for pancreatic cancer, 57
History of the pancreas (E), 539
Pancreatic somatostatinoma (CR), 671, 674
Preparation of the orthotopic autotransplanted pancreas for long-term exocrine studies, 339
Segmental pancreas transplantation in the canine model. A reappraisal, 838
Serum proteolytic and antiproteolytic activity in acute pancreatitis, 834
Technical aspects of segmental pancreatic autotransplantation in dogs, 565
Transnasal pancreaticobiliary drains. Indications and insertion technique, 250
Treatment of hypoglycemia in infants and children. Surgical considerations, 21
Parasites
Oriental infestational cholangitis, 366
Parathyroidectomy
Total parathyroidectomy and autogenous parathyroid graft placement for treatment of hyperparathyroidism due to chronic renal failure, 727
Pelvis
Prolonged ileus after severe pelvic fracture, 755
Penicillin
Preoperative antibiotics for abdominal gunshot wounds, A prospective, randomized study, 762
Penis
Surgical management of an epidemic of penile amputations in Siam, 376
Pericarditis
Surgical treatment of pericarditis in the dialysis patient, 800
Peritoneum
A technique for gastrostomy, 397
Continuous ambulatory peritoneal dialysis. Technique of catheter insertion and management of associated surgical complications, 98
Nutrition and immunity after peritoneovenous drainage of intractable ascites in cirrhotic patients, 652
The temporary intestinal stoma? 668
Value of pneumoperitoneum in the diagnosis of visceral perforation, 830
Phosphates
Value of serum inorganic phosphate in the diagnosis of ischemic bowel disease, 266
Plaque
Carotid plaque histology using real-time ultrasonography. Clinical and therapeutic implications, 188
Natural history of asymptomatic ulcerative plaques of the carotid bifurcation, 208
Plethysmography
Noninvasive diagnosis of internal carotid artery occlusion, 577
Pneumoperitoneum
Value of pneumoperitoneum in the diagnosis of visceral perforation, 830
Polarography
Continuous direct tissue oxygen tension measurement by a new method using an implantable silastic tonometer and oxygen polarography, 399
Polytetrafluoroethylene
Polytetrafluoroethylene grafts in the peripheral venous circulation of rabbits, 355
Pregnancy
Spontaneous hepatic hemorrhage during pregnancy (CR), 680
Prostheses
Aortic graft-enteric and paraprosthetic-enteric fistulas, 183
Clinical use of the seromuscular jejunal patch for protection of the infected aortic stump, 198
Protein
Cause of primary vaginal hydrocele and ascites in advanced liver cirrhosis, 647
Serum proteolytic and antiproteolytic activity in acute pancreatitis, 834
Pseudocysts
Chronic obstructive pancreatitis after healing of a necrotic pseudocyst, 551
Pseudohermaphrodism
Intersex disorders in adolescents and adults, 138
Radiotherapy
Cancer of the tonsil: results of radical radiation therapy with surgery in reserve, 432
Cisplatin sensitization to radiotherapy of squamous cell carcinomas of the head and neck, 462
Fifteen years surgical experience with carcinoma of the lung, 708
Major complications of radiotherapy in cancer of the oral cavity and oropharynx. A 10 year retrospective study, 531
Mandibular reconstruction in irradiated patients utilizing myosseous-cutaneous flaps, 474
Nasopharyngeal carcinoma: results of treatment over a 27 year period, 1950 through 1977, 429
Results of surgery alone and surgery combined with postoperative radiotherapy in the treatment of cancer of the parotid gland, 497
Reconstruction
Aortoiliac reconstruction combined with nonvascular operations, 784
Changes in head and neck surgery (E), 425
Femoral artery infection complicating intraaortic balloon pumping, 811
Hemodynamics of sequential grafts, 170
Mandibular reconstruction in irradiated patients utilizing myosseous-cutaneous flaps, 474
Reconstruction after total or subtotal glossectomy, 488
Renal microembolization syndrome. A cause for renal dysfunction after abdominal aortic reconstruction, 779
The pectoralis major myocutaneous flap in head and neck reconstruction. Analysis of complications, 478
Rectum
Intramural spread of colon carcinoma. A pathologic study, 697
Prophylactic oophorectomy in colorectal carcinoma, 233
Surgical treatment of anorectal melanomas, 336
Technique to facilitate low colorectal anastomosis, 390
What to do about ovarian metastases from colonic adenocarcinomas (E), 286
Reservoir
The Kock continent ileal reservoir for supravesical urinary diversion. An early experience, 15
Retinoid
Effect of retinoids on oral leukoplakia, 466
Roentgenography
Assessment of gastric motility using meal labeled with technetium-99m sulfur colloid, 823
Evaluation of technetium-99m phosphate imaging for predicting skin ulcer healing, 746
The role of initial cineesophagography in caustic esophageal injury, 804
Use of the barium swallow in the diagnosis of acute appendicitis, 663
Sclerotherapy
Compression sclerotherapy: preparation, technique, complications, and results, 228
Treatment of esophageal varices by sclerotherapy in children, 103

Sepsis
Metronidazole and ticarcillin in the prevention of sepsis after appendicectomy, 346
Site of splenic autotransplantation affects protection from sepsis, 734
Sexual development
Intersex disorders in adolescents and adults, 138
Shock
Transcutaneous oxygen monitoring of emergency department patients, 35
Shunts
Another use of the shunt in vascular surgery, 385
Nutrition and immunity after peritoneovenous drainage of intractable ascites in cirrhotic patients, 652
Shunt obliteration for chronic encephalopathy? ... Definitely! Esophageal transection? ... A note of caution (E), 415
Suppression of the shunt and esophageal transection. A new technique for the treatment of disabling postshunt encephalopathy, 392
Surgical management of gallstones in cirrhotic patients, 310
Surgical management of portal hypertension and esophageal varices. 10 year experience, 274
Silicone molds
Early ambulation after skin grafting of depressed wounds of the leg, 283
Skin
Evaluation of technetium-99m phosphate imaging for predicting skin ulcer healing, 746
Management of tar and asphalt injuries, 766
Mandibular reconstruction in irradiated patients utilizing myosseous-cutaneous flaps, 474
Squamous carcinoma of the external ear, 447
Somatostatinoma
Pancreatic somatostatinoma (CR), 671, 674
Spine
Functional evaluation of the spinal accessory nerve after neck dissection, 526
Spleen
Failure of splenic implants to protect against fatal postsplenectomy infection (CR), 413
Site of splenic autotransplantation affects protection from sepsis, 734
Splenectomy in high-risk primary renal transplant recipients, 594
Stapling
Creating a continent tubeless gastrostomy, 820
Stenosis
A comparison of digital subtraction angiography and noninvasive testing in the diagnosis of cerebrovascular disease, 203
Cause and noninvasive detection of restenosis after carotid endarterectomy, 29
Stoma
The temporary intestinal stoma? 668
Stomach
Assessment of gastric motility using meal labeled with technetium-99m sulfur colloid, 823
Complications and weight loss in 150 consecutive gastric exclusion patients. A critical review, 602
Long-term results of fundoplication (E), 685
Maintenance of nutritional competence after gastric partitioning for morbid obesity, 619
Nissen fundoplication. Results at 10 year follow-up, 635
Perioperative complications of gastric restrictive operations, 613
Prospective, randomized trial of selective proximal vagotomy with ulcer excision and partial gastrectomy with gastroduodenostomy in the treatment of corporeal gastric ulcer, 631
Proximal gastric vagotomy interferes with a fundic inhibitory mechanism. A hypothesis for the high recurrence rate of peptic ulceration, 51
Results and complications of gastric partitioning. Four-year follow-up of 300 morbidly obese patients, 815
The stomach after cholecystectomy, 325
Stress testing
Predictive value of thallium stress testing for coronary and cardiovascular events in uremic diabetic patients before renal transplantation, 331
Stricture
Idiopathic localized bile duct strictures: relationship to primary sclerosing cholangitis, 404
Stroke
Natural history of asymptomatic ulcerative plaques of the carotid bifurcation, 208
Sulfa prophylaxis
Continuous sulfa prophylaxis for urinary tract infections in renal transplant recipients, 589
Surgery, general
General surgery: the indispensable discipline (E), 2
Sutures
Anastomotic aneurysms, 770
Prolene sutures are not a significant factor in anastomotic false aneurysms, 216
Sweden
Changes in hospital costs for an appendectomy: 1955, 1965, and 1975, 342
Tar
Management of tar and asphalt injuries, 766
Technetium-99m
Assessment of gastric motility using meal labeled with technetium-99m sulfur colloid, 823
Evaluation of technetium-99m phosphate imaging for predicting skin ulcer healing, 746
Techniques
A new indication for using the preperitoneal approach for inguinal herniorrhaphy: recurrent inguinal hernia with solitary ipsilateral testis, 371
Another use of the shunt in vascular surgery, 385
A technique for gastrostomy, 397
Deep, percutaneous antecubital venipuncture: an alternative to surgical cutdown, 285
Early ambulation after skin grafting of depressed wounds of the leg, 283
Method for biopsy of the wall of a thyroid cyst, 383
Modified Hartmann procedure in emergency sigmoid colectomy, 387
Suppression of the shunt and esophageal transection. A new technique for the treatment of disabling postshunt encephalopathy, 392
Surgical management of an epidemic of penile amputations in Siam, 376
Technique for inguinal hernia repair in the elderly patient, 373
Technique to facilitate low colorectal anastomosis, 390
The temporary intestinal stoma? 668
Testes
A new indication for using the preperitoneal approach for inguinal herniorrhaphy: recurrent inguinal hernia with solitary ipsilateral testis, 371
Thallium
Predictive value of thallium stress testing for coronary and cardiovascular events in uremic diabetic patients before renal transplantation, 331
Thorax
Thoracic air gun injuries in children, 39
Thrombosis
Therapeutic and clinical course of deep vein thrombosis, 581
Thyroidectomy
Nonrecurrent laryngeal nerves and their association with a recurrent branch, 501
Surgical treatment of thyroid carcinoma in a defined population: 1960 to 1977. Evaluation of the results after a conservative surgical approach, 349
Ticarcillin
Metronidazole and ticarcillin in the prevention of sepsis after appendicectomy, 346
Tomography
Computerized tomography in the evaluation of blunt abdominal trauma, 751
Nuclear magnetic resonance imaging. Review of early clinical experience, 85
Tongue
Reconstruction after total or subtotal glossectomy, 488
Squamous cell carcinoma of the tongue: a comparison of the anterior two thirds of the tongue with its base, 456
Squamous cell carcinoma of the tongue and lower oral cavity in patients under 40 years of age, 88
Total glossectomy, 509
Tonometer
Continuous direct tissue oxygen tension measurement by a new method using an implantable silastic tonometer and oxygen polarography, 399
Tonsils
Cancer of the tonsil: results of radical radiation therapy with surgery in reserve, 432
Toxemia
Spontaneous hepatic hemorrhage during pregnancy (CR), 680
Trachea
Management of the newborn with gastrointestinal anomalies and tracheoesophageal fistula, 792
Surgical treatment of malignant esophagotracheal fistulas, 641
Transplantation
Continuous sulfa prophylaxis for urinary tract infections in renal transplant

recipients, 589
History of the pancreas (E), 539
Predictive value of thallium stress testing for coronary and cardiovascular events in uremic diabetic patients before renal transplantation, 331
Preparation of the orthotopic autotransplanted pancreas for long-term exocrine studies, 339
Pretransplant predictors in renal transplantation, 586
Reconstruction of osseous defects with freeze-dried allogeneic and autogenous bone, 471
Segmental pancreas transplantation in the canine model. A reappraisal, 838
Site of splenic autotransplantation affects protection from sepsis, 734
Splenectomy in high-risk primary renal transplant recipients, 594
Technical aspects of segmental pancreatic autotransplantation in dogs, 565

Trauma
Computerized tomography in the evaluation of blunt abdominal trauma, 751
Early intramedullary nailing of femoral shaft fractures: a cause of fat embolism syndrome, 107
Emergency minilaparoscopy in abdominal trauma. An update, 261
Extracranial carotid artery injury. Current surgical management, 225
Failure of splenic implants to protect against fatal postsplenectomy infection (CR), 413
Femoral venous trauma: techniques for surgical management and early results, 220
Hypotension-induced post-traumatic necrosis of the right colon, 715
Mortality and renal salvage after renovascular trauma. A review of 94 patients treated in a 20 year period, 848
Preoperative antibiotics for abdominal gunshot wounds. A prospective, randomized study, 762
Prolonged ileus after severe pelvic fracture, 755
Surgical management of an epidemic of penile amputations in Siam, 376
The continuing challenge of popliteal vascular injuries, 758
The role of initial cineesophagography in caustic esophageal injury, 804
Thoracic air gun injuries in children, 39
Value of pneumoperitoneum in the diagnosis of visceral perforation, 830
Vascular trauma secondary to diagnostic and therapeutic procedures: 1974 through 1982, 788

Tumors
Carcinoid tumors of the appendix, 700
Carcinoid tumors of the ileum, 124
Cervical node metastasis of occult origin, 441
Gastric transposition in head and neck surgery. Indications, complications, expectations, 483
Head and neck cancer: the ideal stalking-horse for solid tumors (E), 422
Improved survival in infants and children with primary malignant liver tumors, 236
Juvenile nasopharyngeal angiofibroma. A 30 year clinical review, 521
Management of locoregional recurrent oropharyngeal carcinoma, 436
Management of vascular soft tissue neoplasms using transcatheter embolization and surgical excision, 409
Nuclear magnetic resonance imaging. Review of early clinical experience, 85
Pancreatic somatostatinoma (CR), 671, 674
Patterns and mechanisms of bone invasion by squamous carcinomas of the head and neck, 451
Primary hyperparathyroidism in the seventies, 360
Results of surgery alone and surgery combined with postoperative radiotherapy in the treatment of cancer of the parotid gland, 497

Tunica vaginalis
Cause of primary vaginal hydrocele and ascites in advanced liver cirrhosis, 647

Ulcer
Cimetidine in the treatment of Zollinger-Ellison syndrome, 116
Compression sclerotherapy: preparation, technique, complications, and results, 228
Evaluation of technetium-99m phosphate imaging for predicting skin ulcer healing, 746
Inhibitory effect of cimetidine on liver regeneration after two-thirds hepatectomy in rats, 293
Major complications of radiotherapy in cancer of the oral cavity and oropharynx. A 10 year retrospective study, 531
Natural history of asymptomatic ulcerative plaques of the carotid bifurcation, 208
Prospective, randomized trial of selective proximal vagotomy with ulcer excision and partial gastrectomy with gastroduodenostomy in the treatment of corporeal gastric ulcer, 631
Proximal gastric vagotomy interferes with a fundic inhibitory mechanism. A hypothesis for the high recurrence rate of peptic ulceration, 51
The stomach after cholecystectomy, 325

Ultrasonography
Carotid plaque histology using real-time ultrasonography. Clinical and therapeutic implications, 188
Incidence of abdominal aortic aneurysms in patients with atheromatous arterial disease, 575

Uremia
Predictive value of thallium stress testing for coronary and cardiovascular events in uremic diabetic patients before renal transplantation, 331
Surgical treatment of pericarditis in the dialysis patient, 800

Urinary diversion
The Kock continent ileal reservoir for supravesical urinary diversion. An early experience, 15

Urinary tract
Continuous sulfa prophylaxis for urinary tract infections in renal transplant recipients, 589

Urine
Diuresis with continuous infusion furosemide following cardiac surgery, 796

Vagotomy
Prospective, randomized trial of selective proximal vagotomy with ulcer excision and partial gastrectomy with gastroduodenostomy in the treatment of corporeal gastric ulcer, 631
Proximal gastric vagotomy interferes with a fundic inhibitory mechanism. A hypothesis for the high recurrence rate of peptic ulceration, 51

Varices
Compression sclerotherapy: preparation, technique, complications, and results, 228
Surgical management of portal hypertension and esophageal varices. 10 year experience, 274
Treatment of esophageal varices by sclerotherapy in children, 103

Vascular registry
Preliminary experience with a large scale vascular registry (E), 162

Veins
Compression sclerotherapy: preparation, technique, complications, and results, 228
Deep, percutaneous antecubital venipuncture: an alternative to surgical cutdown, 285
Experience with home parenteral nutrition, 7
Femoral venous trauma: techniques for surgical management and early results, 220
Mortality and renal salvage after renovascular trauma. A review of 94 patients treated in a 20 year period, 848
Nutrition and immunity after peritoneovenous drainage of intractable ascites in cirrhotic patients, 652
Polytetrafluoroethylene grafts in the peripheral venous circulation of rabbits, 355
The continuing challenge of popliteal vascular injuries, 758
Therapeutic and clinical course of deep vein thrombosis, 581
Vascular trauma secondary to diagnostic and therapeutic procedures: 1974 through 1982, 788

Venipuncture
Deep, percutaneous antecubital venipuncture: an alternative to surgical cutdown, 285

Vitamin A
Effect of retinoids on oral leukoplakia, 466

Weight reduction
Complications and weight loss in 150 consecutive gastric exclusion patients. A critical review, 602
Critical analysis of jejunoileal bypass, 626
Maintenance of nutritional competence after gastric partitioning for morbid obesity, 619
Perioperative complications of gastric restrictive operations, 613
Results and complications of gastric partitioning. Four-year follow-up of 300 morbidly obese patients, 815

Zollinger-Ellison syndrome
Cimetidine in the treatment of Zollinger-Ellison syndrome, 116

PAPERS OF THE PACIFIC COAST SURGICAL ASSOCIATION

PRESIDENTIAL ADDRESS

2 **General Surgery: The Indispensable Discipline.** Hilding H. Olson

SCIENTIFIC PAPERS

7 **Experience With Home Parenteral Nutrition.** Bruce M. Wolfe, William H. Beer, Joyce T. Hayashi, Charles H. Halsted, Robert A. Cannon, and Kenneth L. Cox

15 **The Kock Continent Ileal Reservoir for Supravesical Urinary Diversion. An Early Experience.** Alex Gerber

21 **Treatment of Hypoglycemia in Infants and Children. Surgical Considerations.** John R. Campbell, Steven P. Rivers, Marvin W. Harrison, and Timothy J. Campbell

29 **Cause and Noninvasive Detection of Restenosis After Carotid Endarterectomy.** Anthony Salvian, J. Dennis Baker, Herbert I. Machleder, Ronald W. Busuttil, Wiley F. Barker, and Wesley S. Moore

35 **Transcutaneous Oxygen Monitoring of Emergency Department Patients.** Kenneth Waxman, Richard Sadler, Martin E. Eisner, Robert Applebaum, Kevin K. Tremper, and G. Robert Mason

39 **Thoracic Air Gun Injuries in Children.** Dean S. Nakamura, J. Judson McNamara, Linda Sanderson, and Russell Harada

43 **Use of Physiological Monitoring to Predict Outcome and to Assist in Clinical Decisions in Critically Ill Postoperative Patients.** William C. Shoemaker, Paul Appel, and Richard Bland

51 **Proximal Gastric Vagotomy Interferes With a Fundic Inhibitory Mechanism. A Hypothesis for the High Recurrence Rate of Peptic Ulceration.** Haile T. Debas

57 **Gastrointestinal Bleeding After Operation for Pancreatic Cancer.** William B. Meinke, Patrick L. Twomey, James M. Guernsey, Charles F. Frey, L. Romero Farias, George Higgins, and Robert Keehn

61 **Thymectomy for Myasthenia Gravis.** Donald G. Mulder, Christian Herrmann, Jr., John Keesey, and Hannibal Edwards

67 **Amebic Liver Abscess. The Surgeon's Role in Management.** James A. Basile, Stanley R. Klein, Nancy J. Worthen, Samuel E. Wilson, and Jonathan R. Hiatt

72 **Thyroid Nodules Indeterminate by Needle Biopsy.** Melvin A. Block, George E. Dailey, and James A. Robb

79 **Hemodilution Anesthesia: A Valuable Aid to Major Cancer Surgery in Children.** Robert T. Schaller, Jr., Joanne Schaller, Alan Morgan, and Eric B. Furman

85 **Nuclear Magnetic Resonance Imaging. Review of Early Clinical Experience.** William G. Bradley and C. Hunter Shelden

88 **Squamous Cell Carcinoma of the Tongue and Lower Oral Cavity in Patients Under 40 Years of Age.** Gregor I. McGregor, Noelle Davis, and R. Edwards Robins

93 **Total Exclusion Technique for the Management of Abdominal Aortic Aneurysms.** Jack H. M. Kwaan, Rashid J. Khan, and John E. Connolly

98 **Continuous Ambulatory Peritoneal Dialysis. Technique of Catheter Insertion and Management of Associated Surgical Complications.** Cornelius Olcott, IV, Charles A. Feldman, Norman S. Coplon, Mary Lou Oppenheimer, and John Thomas Mehigan

103 **Treatment of Esophageal Varices by Sclerotherapy in Children.** James B. Atkinson and Morton M. Woolley

107 **Early Intramedullary Nailing of Femoral Shaft Fractures: A Cause of Fat Embolism Syndrome.** Raymond C. Talucci, James Manning, Simon Lampard, Alan Bach, and C. James Carrico

112 **Drainage of Intraabdominal Abscesses. Tactics and Choices.** Nicholas A. Halasz and Eric van Sonnenberg

116 **Cimetidine in the Treatment of Zollinger-Ellison Syndrome.** Clifford W. Deveney, Stefanie Stein, and Lawrence W. Way

124 **Carcinoid Tumors of the Ileum.** James J. Peck, Ambrose B. Shields, Allen M. Boyden, Lawrence A. Dworkin, and Joseph W. Nadal

133 **General Surgical Complications After Cardiopulmonary Bypass Surgery.** C. Wright Pinson and Roger E. Alberty

138 **Intersex Disorders in Adolescents and Adults.** Joel J. Roslyn, Eric W. Fonkalsrud, and Barbara Lippe

145 **Intermittent Epidural Morphine Instillation for Control of Postoperative Pain.** John H. Mehnert, Timothy J. Dupont, and Donald H. Rose

152 **Obituaries**

PAPERS OF THE SOCIETY FOR CLINICAL VASCULAR SURGERY

COMMITTEE REPORT

162 **Preliminary Experience With a Large Scale Vascular Registry.** Allastair M. Karmody, Robert M. Blumenberg, and C. Allen Wall

SCIENTIFIC PAPERS

164 **Quantitative Effects of Antiplatelet Therapy on Healing of the Endarterectomized Canine Aorta.** M. Edward Lovaas, Peter Gloviczki, Larry M. Hollier, and Michael P. Kaye

170 **Hemodynamics of Sequential Grafts.** M. Margaret Hadcock, Joao Ubatuba, Fred N. Littooy, and William H. Baker

174 **Hemodynamic Monitoring of Patients Undergoing Abdominal Aortic Surgery.** J. Louis Cohen, Ronald Wender, Andre Maginot, David Cossman, Richard Treiman, Robert Foran, Phillip Levin, John De Angelis, and Gerald Treiman

178 **Infrarenal Aortic Occlusion: A Reassessment of Surgical Indications.** James L. McCullough, Jr., William C. Mackey, Thomas F. O'Donnell, Jr., Victor G. Millan, Ralph A. Deterling, Jr., and Allan D. Callow

183 **Aortic Graft-Enteric and Paraprosthetic-Enteric Fistulas.** M. Wayne Flye, and William M. Thompson

188 **Carotid Plaque Histology Using Real-Time Ultrasonography. Clinical and Therapeutic Implications.** Linda M. Reilly, Robert J. Lusby, R. Brooke Jeffrey, Linda Hughes, Linda D. Ferrell, Ronald J. Stoney, and William K. Ehrenfeld

194 **Fate of Aortic Graft Removal.** Vincent Martin-Paredero, Ronald W. Busuttil, Sherwood M. Dixon, J. Dennis Baker, Herbert Machleder, and Wesley S. Moore

198 **Clinical Use of the Seromuscular Jejunal Patch for Protection of the Infected Aortic Stump.** Dhiraj M. Shah, Dale Buchbinder, Robert P. Leather, John Corson, and Allastair M. Karmody

203 **A Comparison of Digital Subtraction Angiography and Noninvasive Testing in the Diagnosis of Cerebrovascular Disease.** Richard F. Kempczinski, Gary W. Wood, Yacov Berlatzky, and William H. Pearce

208 **Natural History of Asymptomatic Ulcerative Plaques of the Carotid Bifurcation.** Timothy R. S. Harward, John M. Kroener, Ingmar G. Wickbom, and Eugene F. Bernstein

213 **Value of Postoperative Heparin Therapy in Peripheral Arterial Thromboembolism.** Roy L. Tawes, Jr., John P. Beare, Robert G. Scribner, Gerald R. Sydorak, William H. Brown, and Edmund J. Harris

216 **Prolene Sutures Are Not a Significant Factor in Anastomotic False Aneurysms.** Max R. Gaspar, Herbert J. Movius, John J. Rosental, Donald D. Bell, Guy G. Lemire, and Mark Odou

220 **Femoral Venous Trauma: Techniques for Surgical Management and Early Results.** Robert W. Hobson, II, Richard A. Yeager, Thomas G. Lynch, Bing C. Lee, Krishna Jain, Zafar Jamil, and Frank T. Padberg, Jr.

225 **Extracranial Carotid Artery Injury. Current Surgical Management.** Richard M. Karlin and Charles Marks

228 **Compression Sclerotherapy: Preparation, Technique, Complications, and Results.** Joseph G. Sladen

END OF THE SOCIETY PAPERS

SCIENTIFIC PAPERS

233 **Prophylactic Oophorectomy in Colorectal Carcinoma.** Hans O. L. Graffner, Per O. A. Alm, and Jan E. A. Oscarson

236 **Improved Survival in Infants and Children With Primary Malignant Liver Tumors.** G. Hossein Mahour, G. Udo Wogu, Stuart E. Siegel, and Hart Isaacs

241 **Intrahepatic Stones: The Taiwan Experience.** Tzu-Ming Chang, and Edward Passaro, Jr.

245 **Gastric Acid Secretion and Gastrointestinal Hormone Release After Biliary Reconstruction Procedures.** Toshio Sato, Mikio Imamura, Iwao Sasaki, and Jinichi Kameyama

250 **Transnasal Pancreaticobiliary Drains. Indications and Insertion Technique.** Richard A. Kozarek

254 **Choledochotomy for Biliary Lithiasis: T-Tube Drainage or Primary Closure. Effects on Postoperative Bacteremia and T-Tube Bile Infection.** Nicolas J. Lygidakis

257 **Groin Hernias in Elderly Patients. Management and Prognosis.** Alexander E. Nehme

261 **Emergency Minilaparoscopy in Abdominal Trauma. An Update.** George Berci, Daniel Dunkelman, Stephen L. Michel, George Sanders, Erik Wahlstrom, and Leon Morgenstern

266 **Value of Serum Inorganic Phosphate in the Diagnosis of Ischemic Bowel Disease.** Louis D. May and Malcolm M. Berenson

269 **Current Status of Benign Biliary Disorders in Japan and Accuracy Rates of Preoperative Diagnoses. Collective Review of 14,654 Patients.** Takeshi Ida, Taisuke Morimoto, Takao Tarumi, Toshio Yamato, Shoji Hisano, Masahisa Nakagawa, and Akira Nakase

Continued on page iv

CONTENTS IN BRIEF

274 **Surgical Management of Portal Hypertension and Esophageal Varices. 10 Year Experience.** David P. Vogt, Thomas Santoscoy, Avram M. Cooperman, and Robert E. Hermann

280 **Contralateral Limb and Patient Survival After Leg Amputation.** Kenton C. Bodily and Ernest M. Burgess

MODERN OPERATIVE TECHNIQUES

283 **Early Ambulation After Skin Grafting of Depressed Wounds of the Leg.** Larry S. Nichter, Raymond F. Morgan, Margaret R. McIntire, Richard F. Edlich, and Milton T. Edgerton

285 **Deep, Percutaneous Antecubital Venipuncture: An Alternative to Surgical Cutdown.** James M. Roseman

EDITORIAL COMMENTS

286 **What to Do About Ovarian Metastases From Colonic Adenocarcinomas.** John S. Spratt, Jr.

287 **CME Test**

288 **Book Reviews**

290 **Books Received**

A42 **Information for Authors**

A46 **Advertisers Index**

CONTENTS IN BRIEF

SEPTEMBER 1983 • VOLUME 146 • NUMBER 3

EDITORIAL

291 **Anatomy: A Prometheus Bound.** John E. Skandalakis and Stephen W. Gray

SCIENTIFIC PAPERS

293 **Inhibitory Effect of Cimetidine on Liver Regeneration After Two-Thirds Hepatectomy in Rats.** Ryoichi Kanashima, Naofumi Nagasue, Motonosuke Furusawa, and Kiyoshi Inokuchi

299 **Contribution of the Arterial Blood Ketone Body Ratio to Elevate Plasma Amino Acids in Hepatic Encephalopathy of Surgical Patients.** Kazue Ozawa, Yasuo Kamiyama, Kenichi Kimura, Masayuki Yamamoto, Hidehisa Aoyama, Kazuhiro Yasuda, and Takayoshi Tobe

306 **Morbidity and Mortality After Operation in Nonbleeding Cirrhotic Patients.** Raymond C. Doberneck, William A. Sterling, Jr., and David C. Allison

310 **Surgical Management of Gallstones in Cirrhotic Patients.** Denis Castaing, Didier Houssin, Jean Lemoine, and Henri Bismuth

314 **Gallstone Ileus: A Diagnostic Problem.** Robert J. Kurtz, Tomas M. Heimann, and Alfred B. Kurtz

318 **Abnormal Drainage of the Biliary Tree After Relief of Long-Standing Extrahepatic Biliary Obstruction.** Nicolas J. Lygidakis

322 **Extent of Choledochoscopic Utilization in Common Bile Duct Exploration.** Michael L. King and S. Timothy String

325 **The Stomach After Cholecystectomy.** Sum P. Lee

328 **Treatment of Metabolic Alkalosis With Intravenous Infusion of Concentrated Hydrochloric Acid.** Koing Bo Kwun, Toufik Boucherit, Jeanne Wong, Yvonne Richards, and Christopher W. Bryan-Brown

331 **Predictive Value of Thallium Stress Testing for Coronary and Cardiovascular Events in Uremic Diabetic Patients Before Renal Transplantation.** Charles E. Morrow, Jeffrey S. Schwartz, David E. R. Sutherland, Richard L. Simmons, Ronald M. Ferguson, Carl M. Kjellstrand, and John S. Najarian

336 **Surgical Treatment of Anorectal Melanomas.** Bruno Siegal, David Cohen, and Erwin T. Jacob

339 **Preparation of the Orthotopic Autotransplanted Pancreas For Long-Term Exocrine Studies.** Haile T. Debas and Edward Passaro, Jr.

342 **Changes in Hospital Costs of an Appendectomy: 1955, 1965, and 1975.** Einar Arnbjörnsson, Stig Bengmark, Håkan Brodin, Björn Lindgren, Bengt-Göran Petersson, and Ralph Sörbris

346 **Metronidazole and Ticarcillin in the Prevention of Sepsis After Appendicectomy.** Neil S. Ambrose, Ian A. Donovan, Richard Wise, and Pauline Lowe

349 **Surgical Treatment of Thyroid Carcinoma in a Defined Population: 1960 to 1977. Evaluation of the Results After a Conservative Surgical Approach.** Svend Borup Christensen, Otto Ljungberg, and Sten Tibblin

355 **Polytetrafluroethylene Grafts in the Peripheral Venous Circulation of Rabbits.** Edward W. Friedman and Allan J. Hamilton

REVIEWS

360 **Primary Hyperparathyroidism in the Seventies. A Decade of Change?** William Browder, Jan Rakinic, Robert Schlecter, and Edward T. Krementz

366 **Oriental Infestational Cholangitis.** David J. Seel and Yoon Kyu Park

MODERN OPERATIVE TECHNIQUES

371 **A New Indication for Using the Preperitoneal Approach for Inguinal Herniorrhaphy: Recurrent Inguinal Hernia With Solitary Ipsilateral Testis.** Harold R. Brodman and Richard F. Brodman

373 **Technique for Inguinal Hernia Repair in the Elderly Patient.** Mario Nano

376 **Surgical Management of an Epidemic of Penile Amputations in Siam.** Kasian Bhanganada, Tu Chayavatana, Chumporn Pongnumkul, Anunt Tonmukayakul, Piyasakol Sakolsatayadorn, Krit Komaratat, and Henry Wilde

383 **Method for Biopsy of the Wall of a Thyroid Cyst.** Paul Lo Gerfo and Windsor Ting

385 **Another Use of the Shunt in Vascular Surgery.** Dipankar Mukherjee and Toshio Inahara

387 **Modified Hartmann Procedure in Emergency Sigmoid Colectomy.** Karim B. Nakhgevany

390 **Technique to Facilitate Low Colorectal Anastomosis.** Antonio Guarnieri and Mario Pescatori

392 **Suppression of the Shunt and Esophageal Transection. A New Technique for the Treatment of Disabling Postshunt Encephalopathy.** Henri Bismuth, Didier Houssin, and Didier Grange

397 **A Technique for Gastrostomy.** Thomas W. Rice and Mervyn Deitel

NEW INSTRUMENTS

399 **Continuous Direct Tissue Oxygen Tension Measurement by a New Method Using an Implantable Silastic Tonometer and Oxygen Polarography.** Finn Gottrup, Richard Firmin, Ning Chang, William H. Goodson, III, and Thomas K. Hunt

CASE REPORTS

404 **Idiopathic Localized Bile Duct Strictures; Relationship to Primary Sclerosing Cholangitis.** Claude Smadja, Nicolas B. Bowley, Irving S. Benjamin, and Leslie H. Blumgart

Continued on page vi

CONTENTS IN BRIEF

409 **Management of Vascular Soft Tissue Neoplasms Using Transcatheter Embolization and Surgical Excision.** Saadoon Kadir, Calvin B. Ernst, Ulrike Hamper, and Robert I. White, Jr.

413 **Failure of Splenic Implants to Protect Against Fatal Postsplenectomy Infection.** George E. Moore, Ronald E. Stevens, Ernest E. Moore, and G. E. Aragon

EDITORIAL COMMENTS

415 **Crucial Issues Concerning Associated Operations in the Patient With Cirrhosis.** Josef E. Fischer and Hiram C. Polk, Jr.

415 **Shunt Obliteration for Chronic Encephalopathy? . . . Definitely! Esophageal Transection? . . . A Note of Caution.** J. Tim Fulenwider

417 **CME Test**

418 **Books Received**

420 **Information for Authors**

PAPERS OF THE SOCIETY OF HEAD AND NECK SURGEONS

PRESIDENTIAL ADDRESS

422 **Head and Neck Cancer: The Ideal Stalking-Horse for Solid Tumors.** Alvin L. Watne

HAYES MARTIN LECTURE

425 **Changes in Head and Neck Surgery.** John Conley

SCIENTIFIC PAPERS

429 **Nasopharyngeal Carcinoma: Results of Treatment Over a 27 Year Period, 1950 Through 1977.** Alejandro H. Ring, Kumao Sako, Mohamed S. Razack, Tah Yee Chen, and Donald P. Shedd

432 **Cancer of the Tonsil: Results of Radical Radiation Therapy With Surgery in Reserve.** Peter G. Garrett, Frank A. Beale, Bernard J. Cummings, Andrew R. Harwood, Thomas J. Keane, David G. Payne, and Walter D. Rider

436 **Management of Locoregional Recurrent Oropharyngeal Carcinoma.** William A. Kokal, James P. Neifeld, Donald R. Eisert, Jose J. Terz, and Walter Lawrence, Jr.

439 **Value of Contralateral Supraomohyoid Neck Dissections.** Raymond F. Morgan, Richard M. Hirata, Darrell A. Jaques, and John R. Saunders, Jr.

441 **Cervical Node Metastasis of Occult Origin.** Ronald H. Spiro, Guy DeRose, and Elliot W. Strong

447 **Squamous Carcinoma of the External Ear.** Robert Byers, Ken Kesler, Bruce Redmon, Jesus Medina, and Betty Schwarz

451 **Patterns and Mechanisms of Bone Invasion by Squamous Carcinomas of the Head and Neck.** Richard L. Carter, Sai-Wah Tsao, Jacqueline F. Burman, Michael R. Pittam, Peter Clifford, and Henry J. Shaw

456 **Squamous Cell Carcinoma of the Tongue: A Comparison of the Anterior Two Thirds of the Tongue With Its Base.** Suzanne T. Ildstad, Mary Ellen Bigelow, and John P. Remensnyder

462 **Cisplatin Sensitization to Radiotherapy of Squamous Cell Carcinomas of the Head and Neck.** Bruce Leipzig

466 **Effect of Retinoids on Oral Leukoplakia.** Jatin P. Shah, Elliot W. Strong, Jerome J. DeCosse, Loretta Itri, and Patricia Sellers

471 **Reconstruction of Osseous Defects With Freeze-Dried Allogeneic and Autogenous Bone. Clinical and Histologic Assessment.** Stuart N. Kline and Steven R. Rimer

474 **Mandibular Reconstruction in Irradiated Patients Utilizing Myosseous-Cutaneous Flaps.** Nathan W. Pearlman, Richard E. Albin, and Richard S. O'Donnell

478 **The Pectoralis Major Myocutaneous Flap in Head and Neck Reconstruction. Analysis of Complications.** Austin I. Mehrhof, Jr., Arthur Rosenstock, James P. Neifeld, Wyndell H. Merritt, S. Dawson Theogaraj, and I. Kelman Cohen

483 **Gastric Transposition in Head and Neck Surgery. Indications, Complications, and Expectations.** Ronald H. Spiro, Jatin P. Shah, Elliot W. Strong, Frank P. Gerold, and Manjit S. Bains

488 **Reconstruction After Total or Subtotal Glossectomy.** Yosef P. Krespi and George A. Sisson

493 **The Facial Nerve in Parotid Malignancy.** John E. Woods

497 **Results of Surgery Alone and Surgery Combined With Postoperative Radiotherapy in the Treatment of Cancer of the Parotid Gland.** Gilchrist L. Jackson, Mario A. Luna, and Robert M. Byers

501 **Nonrecurrent Inferior Laryngeal Nerves and Their Association With a Recurrent Branch.** George Sanders, Robert Y. Uyeda, and Mitchell S. Karlan

504 **Changing the Operative Strategy for Thyroid Cancer by Node Sampling.** Irving B. Rosen and Andrew Maitland

509 **Total Glossectomy.** Mohamed S. Razack, Kumao Sako, Vahram Y. Bakamjian, and Donald P. Shedd

512 **Natural History and Management of Keratosis, Atypia Carcinoma in Situ, and Microinvasive Cancer of the Larynx.** Thomas M. Gillis, Joseph Incze, M. Stuart Strong, Charles W. Vaughan, and George T. Simpson

517 **Complications After Laryngectomy.** Daniel N. Weingrad and Ronald H. Spiro

521 **Juvenile Nasopharyngeal Angiofibroma. A 30 Year Clinical Review.** Thomas R. Witt, Jatin P. Shah, and Stephen S. Sternberg

526 **Functional Evaluation of the Spinal Accessory Nerve After Neck Dissection.** Bruce Leipzig, James Y. Suen, Jim L. English, Jean Barnes, and Maria Hooper

531 **Major Complications of Radiotherapy in Cancer of the Oral Cavity and Oropharynx. A 10 Year Retrospective Study.** David L. Larson, Robert D. Lindberg, Edward Lane, and Helmuth Goepfert

537 **CME Test**

A18 **Information for Authors**

CONTENTS IN BRIEF

NOVEMBER 1983 • VOLUME 146 • NUMBER 5

OUR SURGICAL HERITAGE

539 **History of the Pancreas.** Antonio C. Busnardo, Liberato J. A. DiDio, Robert T. Tidrick, and Neil R. Thomford

SCIENTIFIC PAPERS

551 **Chronic Obstructive Pancreatitis After Healing of a Necrotic Pseudocyst.** René Laugier, Roger Camatte, and Henri Sarles

558 **Colonic Complications of Acute Pancreatitis and Pancreatic Abscess.** John C. Russell, John P. Welch, and David G. Clark

565 **Technical Aspects of Segmental Pancreatic Autotransplantation in Dogs.** Gerd Florack, David E.R. Sutherland, Marco Cavallini, and John S. Najarian

575 **Incidence of Abdominal Aortic Aneurysms in Patients With Atheromatous Arterial Disease.** Silverio Cabellon, Jr., Christian L. Moncrief, Donald R. Pierre, and Daniel G. Cavanaugh

577 **Noninvasive Diagnosis of Internal Carotid Artery Occlusion.** Eugene D. Sullivan and John J. Cranley

581 **Therapeutic and Clinical Course of Deep Vein Thrombosis.** James O. Menzoian, Joseph C. Sequeira, Jeanne E. Doyle, Nancy L. Cantelmo, Michael Nowak, Kevin Tracey, Richard Zimmerman, and Peter J. Mozden

586 **Pretransplant Predictors in Renal Transplantation.** Eduardo A. Santiago-Delpin, Edna Nettleship, and Maria L. Ruiz

589 **Continuous Sulfa Prophylaxis for Urinary Tract Infection in Renal Transplant Recipients.** Charles Peters, Phillip Peterson, Patrick Marabella, Richard L. Simmons, and John S. Najarian

594 **Splenectomy in High-Risk Primary Renal Transplant Recipients.** Stephen E. Okiye, Horst Zincke, Donald E. Engen, Sylvester Sterioff, Kenneth P. Offord, Peter P. Frohnert, and William J. Johnson

602 **Complications and Weight Loss in 150 Consecutive Gastric Exclusion Patients. A Critical Review.** William R. Thompson, Joseph F. Amaral, Michael D. Caldwell, Horace F. Martin, and Henry T. Randall

613 **Perioperative Complications of Gastric Restrictive Operations.** Joseph A. Buckwalter and Charles A. Herbst, Jr.

619 **Maintenance of Nutritional Competence After Gastric Partitioning for Morbid Obesity.** William J. Millikan, Jr., J. Michael Henderson, W. Dean Warren, Stanley P. Riepe, R. Carter Davis, Theodore Hersh, Lisa Wright-Bacon, Nancy Long, and Michael H. Kutner

626 **Critical Analysis of Jejunoileal Bypass.** Richard W. Zollinger, Maria Regina Coccia, and Richard W. Zollinger, II

631 **Prospective, Randomized Trial of Selective Proximal Vagotomy With Ulcer Excision and Partial Gastrectomy With Gastroduodenostomy in the Treatment of Corporeal Gastric Ulcer.** Sverre Emås and Cary Hammarberg

635 **Nissen Fundoplication. Results at 10 Year Follow-Up.** Jerome B. Negre, Hannu T. Markkula, Olavi Keyrilainen, and Martti Matikainen

639 **Duffy Antigens and Cancer in a Black Population.** Joseph M. Miller and John M. Miller

641 **Surgical Treatment of Malignant Esophagotracheal Fistulas.** Jean-Pierre Campion, Dominique Bourdelat, and Bernard Launois

647 **Cause of Primary Vaginal Hydrocele and Ascites in Advanced Liver Cirrhosis.** Mohamed Samir A.A. Abdel-Rheem

652 **Nutrition and Immunity After Peritoneovenous Drainage of Intractable Ascites in Cirrhotic Patients.** Dominique Franco, Monique Charra, Pascale Jeambrun, Jacques Belghiti, Ariane Cortesse, Catherine Sossier, and Henri Bismuth

658 **Unsuspected Hepatic Abscess Associated With Biliary Tract Disease.** Murry G. Fischer and Howard L. Beaton

663 **Use of the Barium Swallow in the Diagnosis of Acute Appendicitis.** Richard M. Schisgall

HOW I DO IT

668 **The Temporary Intestinal Stoma?** John P. Delaney and Michael W. Mulholland

CASE REPORTS

671 **Pancreatic Somatostatinoma.** Thomas R. Kelly

674 **Pancreatic Somatostatinoma.** Shohei Sakazaki, Kaoru Umeyama, Hiroji Nakagawa, Hitoshi Hashimoto, Kenjin Kamino, Takehiro Mitsuhashi, and Ken Yamaguchi

680 **Spontaneous Hepatic Hemorrhage During Pregnancy.** Salim Aziz, Ronald C. Merrell, and John A. Collins

EDITORIAL COMMENTS

PAPERS OF THE SOUTHWESTERN SURGICAL CONGRESS

PRESIDENTIAL ADDRESS

692 **Professional Puffery.** Livingston Parsons, Jr.

SCIENTIFIC PAPERS

697 **Intramural Spread of Colon Carcinoma. A Pathologic Study.** Tyler G. Hughes, Edwin P. Jenevein, and Ernest Poulos

700 **Carcinoid Tumors of the Appendix.** Greg A. Bowman and Daniel Rosenthal

704 **Surgical Therapy of Advanced Esophageal Cancer. A Critical Appraisal.** Bridget Caracci, Paul Garvin, and Donald L. Kaminski

708 **Fifteen Years Surgical Experience With Carcinoma of the Lung.** D. Richard Stevenson, J. Michael Stair, and Raymond C. Read

712 **Cystosarcoma Phylloides in Adolescent Female Patients.** Richard M. Briggs, Michael Walters, and Daniel Rosenthal

715 **Hypotension-Induced Post-Traumatic Necrosis of the Right Colon.** Timothy C. Flynn, Brian J. Rowlands, Mark Gilliland, Richard E. Ward, and Ronald P. Fischer

719 **Cholecystectomy in Elderly Patients.** David F. Huber, Edward W. Martin, Jr., and Marc Cooperman

723 **Cholecystectomy After Tube Cholecystostomy.** John A. Weigelt, James F. Norcross, and Christina M. Aurbakken

727 **Total Parathyroidectomy and Autogenous Parathyroid Graft Placement for Treatment of Hyperparathyroidism Due to Chronic Renal Failure.** Lawrence E. Mallette, Kenneth L. Eisenberg, Steven D. Schwaitzberg, Wadi N. Suki, and George P. Noon

734 **Site of Splenic Autotransplantation Affects Protection From Sepsis.** Charles D. Livingston, Barry A. Levine, and Kenneth R. Sirinek

738 **Infections in Parenteral Drug Abusers. Further Immunologic Studies.** Guy R. Orangio, Phyllis Della Latta, Catherine Marino, Joseph J. Guarneri, Jose A. Giron, John Palmer, and Irving B. Margolis

742 **Spontaneous Resolution of Intestinal Obstruction While Receiving Home Parenteral Nutrition.** Rick R. Selby, George H. Mertz, and Robert B. Gilsdorf

746 **Evaluation of Technetium-99m Phosphate Imaging for Predicting Skin Ulcer Healing.** Peter F. Lawrence, John B. Syverud, Michael A. Disbro, and Naomi Alazraki

751 **Computerized Tomography in the Evaluation of Blunt Abdominal Trauma.** Edward W. Nelson, C. James Holliman, Brian E. Juell, and Steven Mintz

755 **Prolonged Ileus After Severe Pelvic Fracture.** Allen V. Hurt, J. Lockwood Ochsner, and William R. Schiller

758 **The Continuing Challenge of Popliteal Vascular Injuries.** Michael B. Orcutt, Barry A. Levine, Harlan D. Root, and Kenneth R. Sirinek

762 **Preoperative Antibiotics for Abdominal Gunshot Wounds. A Prospective, Randomized Study.** Frederick A. Moore, Ernest E. Moore, and Michael R. Mill

766 **Management of Tar and Asphalt Injuries.** Robert J. Stratta, Jeffrey R. Saffle, Melva Kravitz, and Glenn D. Warden

770 **Anastomotic Aneurysms.** Richard M. Briggs, Bruce S. Jarstfer, and George J. Collins, Jr.

774 **Recurrence of Femoral Anastomotic Aneurysms.** Stan N. Carson, Glenn C. Hunter, Julio Palmaz, and James M. Guernsey.

779 **Renal Microembolization Syndrome. A Cause for Renal Dysfunction After Abdominal Aortic Reconstruction.** John I. Iliopoulos, Michael J. Zdon, Brian G. Crawford, George E. Pierce, James H. Thomas, and Arlo S. Hermreck

784 **Aortoiliac Reconstruction Combined With Nonvascular Operations.** James H. Thomas, Brian L. McCroskey, John I. Iliopoulos, Creighton A. Hardin, Arlo S. Hermreck, and George E. Pierce

788 **Vascular Trauma Secondary to Diagnostic and Therapeutic Procedures: 1974 Through 1982. A Comparative Review.** Jerry R. Youkey, G. Patrick Clagett, Norman M. Rich, Jonathan H. Jaffin, Amram J. Cohen, Robert B. Brigham, Paul M. Orecchia, and James M. Salander

792 **Management of the Newborn With Gastrointestinal Anomalies and Tracheoesophageal Fistula.** Daniel L. Mollitt and E. Stevers Golladay

796 **Diuresis With Continuous Infusion of Furosemide After Cardiac Surgery.** Jack G. Copeland, David W. Campbell, John R. Plachetka, Neal W. Salomon, and Douglas F. Larson

800 **Surgical Treatment of Pericarditis in the Dialysis Patient.** John R. Frame, Scott K. Lucas, James A. Pederson, and Ronald C. Elkins

804 **The Role of Initial Cineesophagography in Caustic Esophageal Injury.** John R. Kuhn and William P. Tunell

807 **Hemodynamic Effects of Combined Digoxin and Dopamine Administration in Postoperative Patients With Cardiac Dysfunction.** L. Scott Cook, Scott K. Lucas, Thomas Whitsett, James E. Doherty, Russell Postier, and Ronald C. Elkins

811 **Femoral Artery Infection Complicating Intraaortic Balloon Pumping.** R. Nathan Grantham, Edward R. Munnell, and Paul J. Kanaly
